Golden Leaves helps many thousands of customers to plan and fund their future funerals, the scale of which enables us to contract our funeral plans to our funeral directors at beneficial rates which is usually far more cost effective than it would be for them buying from the funeral home at the time of the funeral itself. We have costs of doing business and promotional marketing which are met by our ability to contract funerals to partner funeral directors at a favourable costs and are consequently absorbed into the price of our plans.

The company retains an amount from the price paid by you for your plan, to cover our marketing and sales expenses and to provide for the administrative costs of running the business for the life of each plan. The balance is placed in the Trust in order to pay our trade funeral suppliers.
